

Mess Around at Home:

Make a funny face balloon

Our Big Birthday Bash messy plays events in September are always an exciting month for us- its our Mess Around birthday party and we celebrate in style with lots of messy, birthday themed fun.

And you can't have a birthday party without balloons! But we decided to create a fun activity to make balloons with a difference, with our Mess Around funny face balloons.

Not only are they simple and cheap, but kids of all ages love to play with them.

Simply download and print our funny faces, decorate to your hearts content, stick to your balloons and you're ready to go

Don't forget to share your photos over at our [Facebook](#) and [Instagram](#) pages using **#borntomessaround**

How to make funny face balloons

- Print off funny faces sheet
- Cut out all the funny face elements
- Stick your funny face to your balloon
- Have lots of fun and send us a picture to **#borntomessaround**

Draw and cut out the eyes in white paper. Colour in the black circles. Then stick in place here.

Draw and cut out the mouth in red paper. Then stick in place here.

Draw, colour in and cut out. Stick in place here.

Draw, colour in and cut out. Stick in place here.

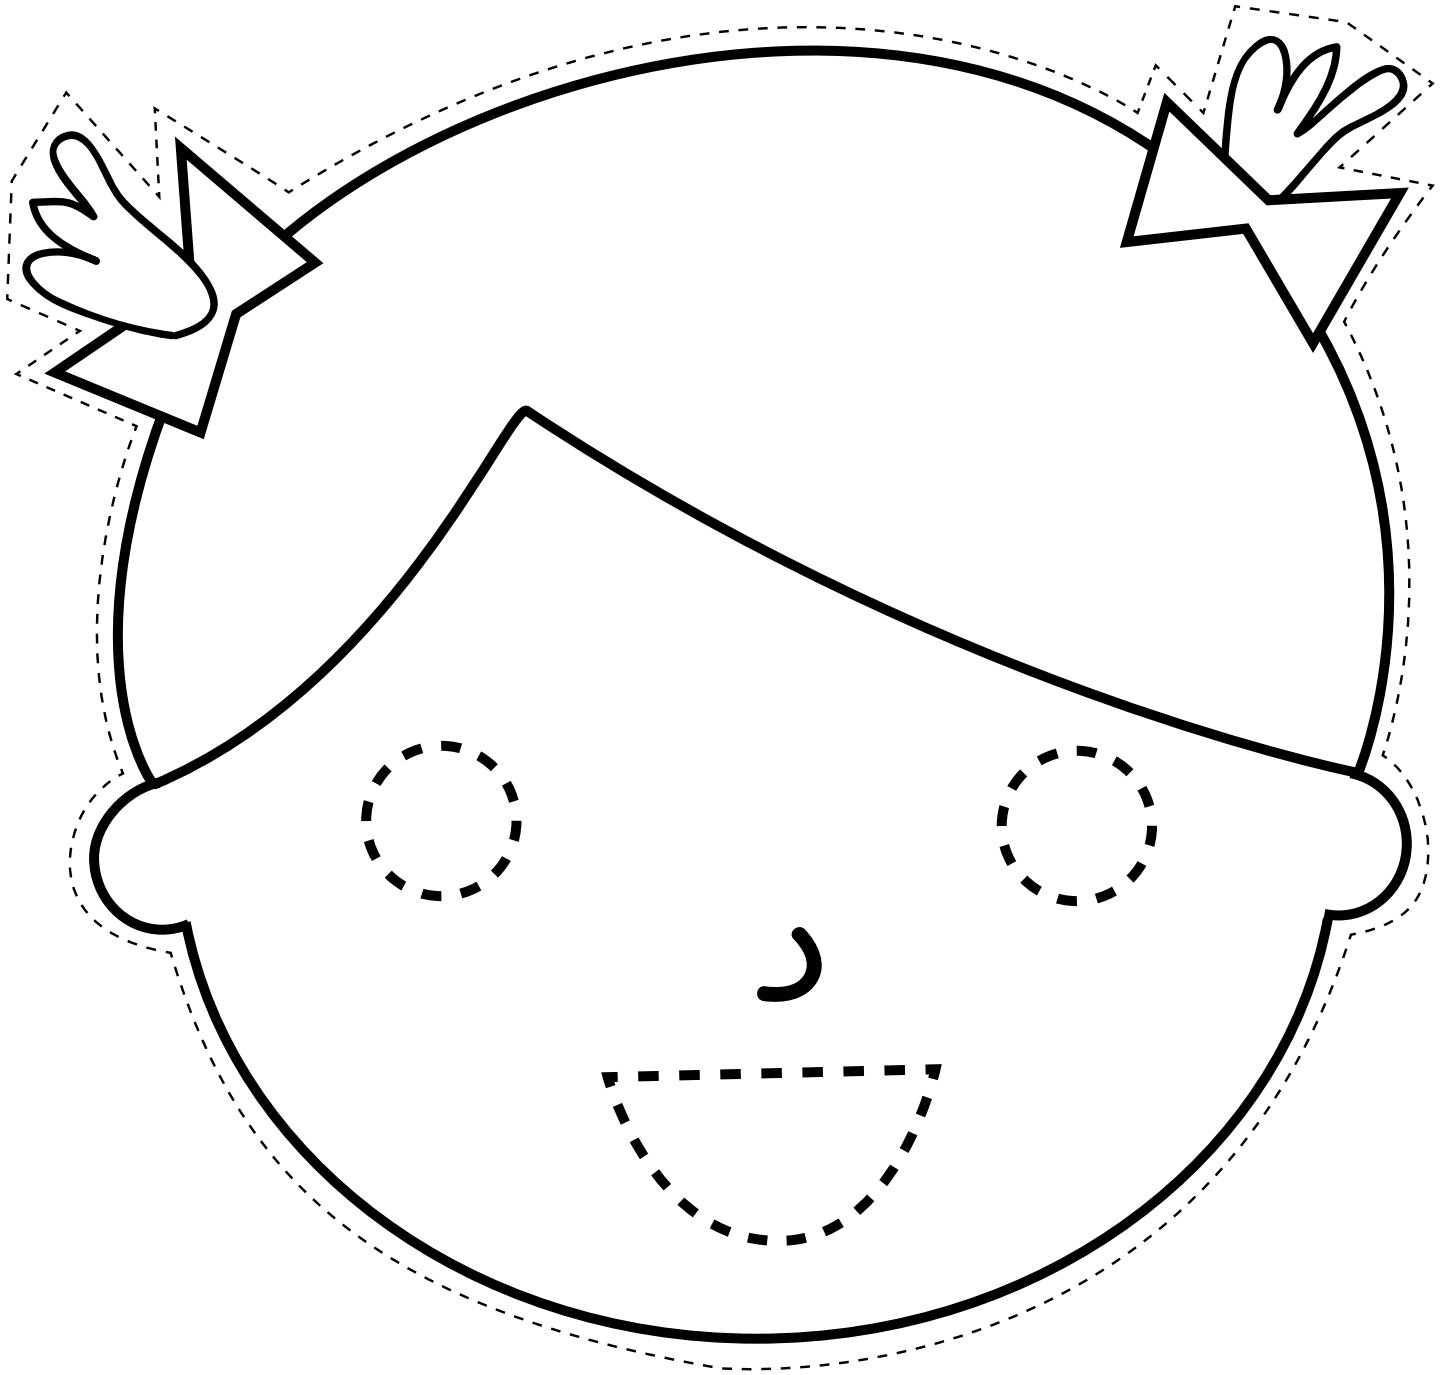

Draw and cut out the eyes in white paper. Colour in the black circles. Then stick in place here.

Draw and cut out the mouth in red paper. Then stick in place here.

This is how your balloons could look:

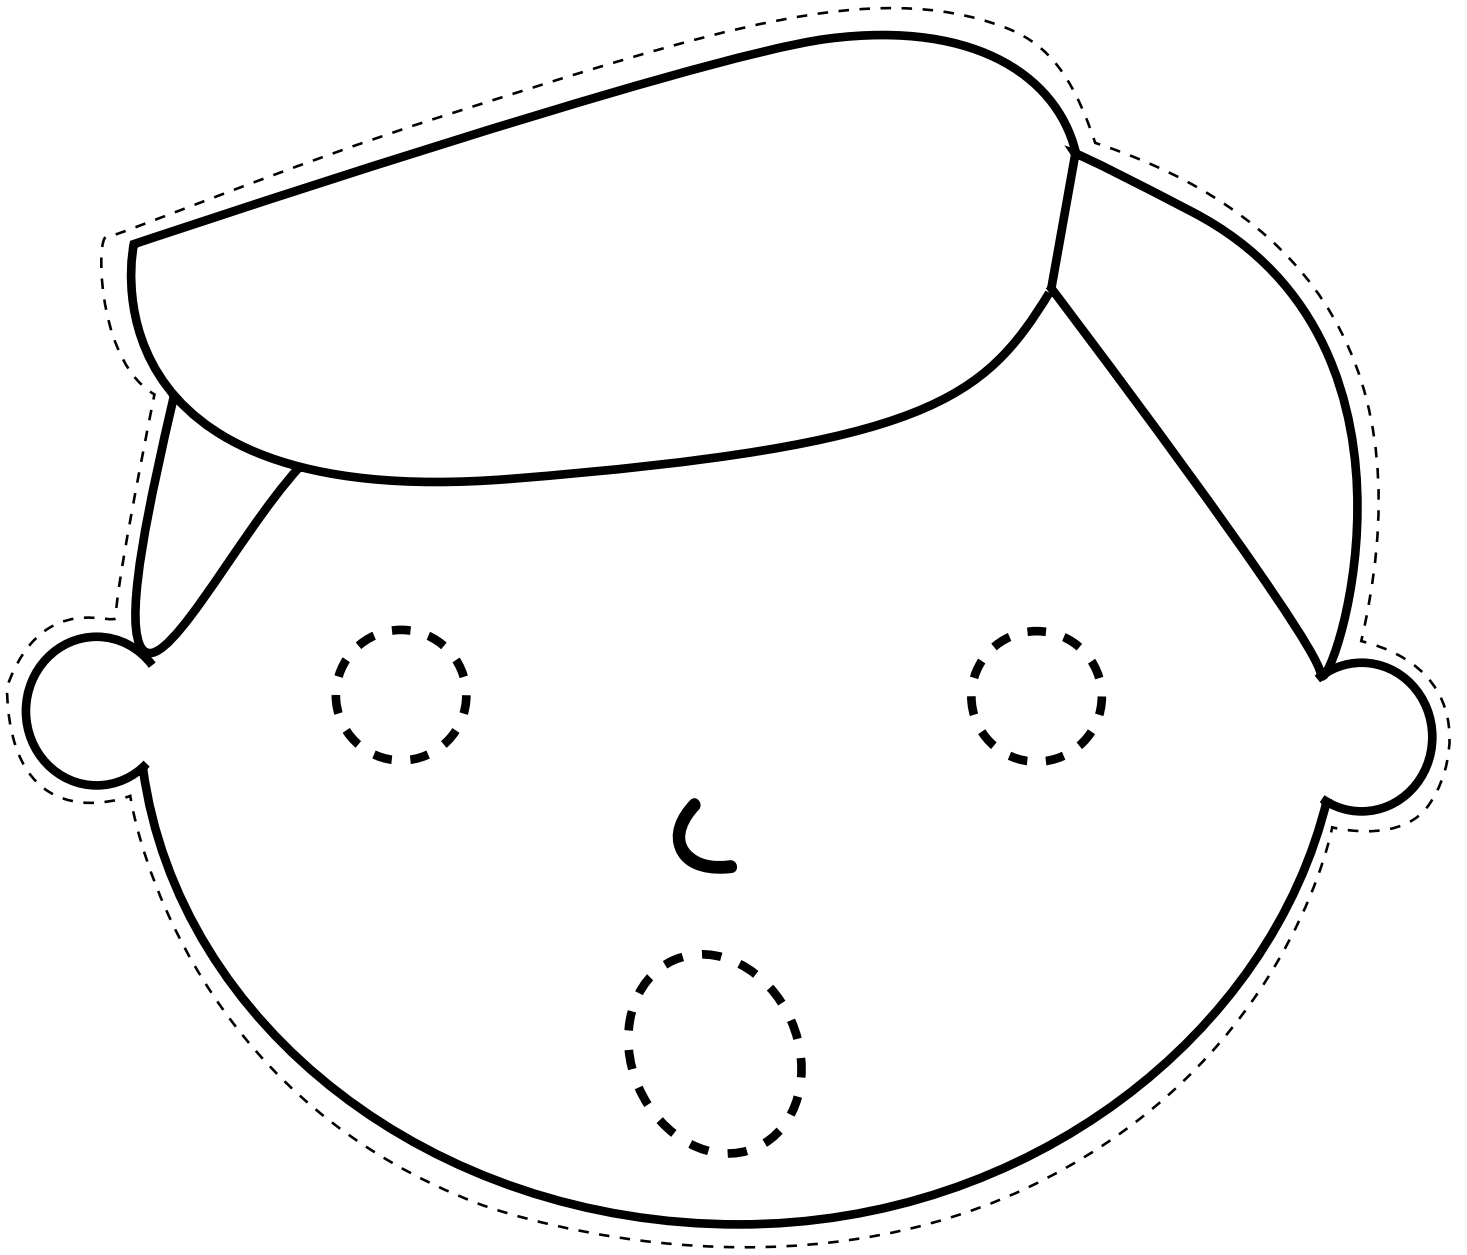

Colour in or decorate your funny face.

Cut out along the dotted lines.

You may need a grown up to help you cut out the eyes and mouth or you can leave them coloured in.
